HARDING MESSAGE  
PLEA FOR  
ACTIONNew President Will Ask For  
National UnityBury Hatchet And Get Busy  
Will be PleaAssurance to Business Also  
Expected

(By Associated Press)

St. Augustine, Fla., February 14.—A plea that the nation forget the animosity and partisanship of the after war period and put its shoulder unshrinkingly to the wheel of reconstruction is expected to form the keynote of Warren G. Harding's message to his fellow countrymen when he comes into the presidency.

Although the inaugural address still is far from complete, it was learned today that considerable work had been done toward its preparation and that the subject it is to cover virtually had been selected.

It is understood it will be very brief and will attempt no detailed discussion of any of the problems awaiting solution. One of the outstanding features is expected to be an appeal for confidence in the nation's business stability, linked with an assurance that during the next four years the administration will keep away from meddling methods in its relations with the business world.

It is believed Mr. Harding's address will touch very briefly on the question of an international peace association and will tersely pledge the incoming administration to use its best efforts to secure a peace agreement comparable with American aspirations.

There is expected also to be a word of friendship for Mexico and the rest of Latin-America.

NOTED SCHOLAR  
DIES AT OXFORD

(By Associated Press)

Hamilton, O., February 14.—Andrew D. Hepburn, D. D., authority on English literature, died at Oxford today. He was formerly president of Miami University and of Davidson College, North Carolina. He was 91 years old.

HARDING WOULD  
PAY INCOME TAX

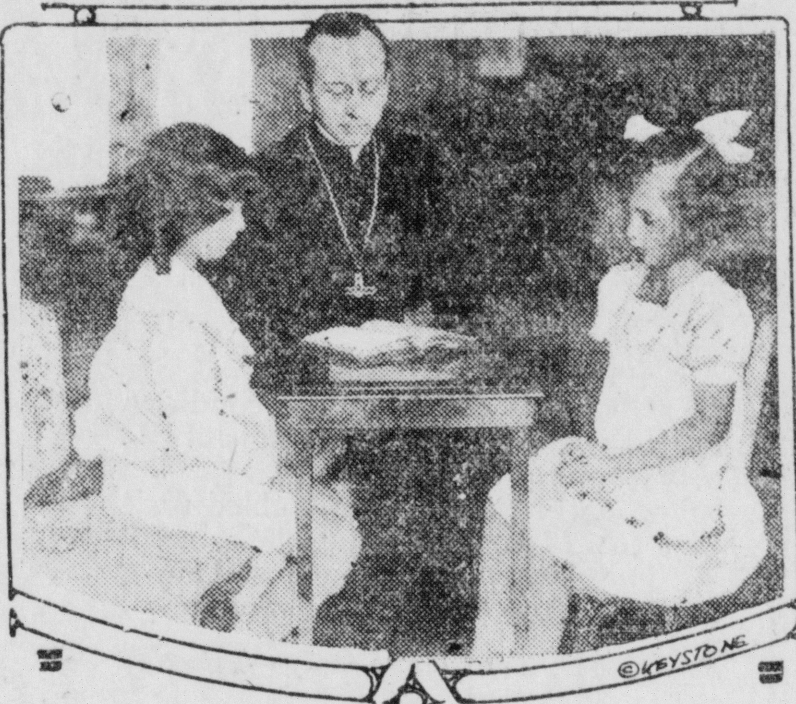

(By Associated Press)

Washington, February 14.—President elect Harding today informed Representative Longworth of Ohio that he did not believe he should be granted exemption from paying an income tax on his presidential salary. Under the recent revenue law, the tax on the President's salary amounts to \$18,000. President Wilson, however, was exempted from paying the tax under a decision of the United States Supreme Court.

## M'COMBS VERY ILL

(By Associated Press)

New York, February 14.—William F. McCombs, former chairman of the Democratic National Committee is critically ill and expected to die at any time, his physicians announced today. He has been suffering with heart disease.

EX-EMPEROR'S CHILDREN ARE TUTORED  
WITH IDEA THEY MAY SOME TIME REIGN

Bishop Seydl instructing the prince and archduchess in their home.

Rumors continue to bob up that ex-Emperor Carl of Austria may again ascend the throne following the planned overthrowing of the present Austrian republic. The picture above shows that the former ruler and his family have not resigned themselves to the more democratic ideas of the times. Carl's two children, Prince Otto and Archduchess Adelaide, are tutored privately, as is proper for royal children. Bishop Seydl is in charge of their education. He is shown above with the children in their present home in Switzerland.

ACCUSES  
LANDIS  
OF HIGH  
CRIMEOhio Solon Impeaches Chicago  
JudgeFails To Follow Up Accusations  
HoweverSo. Carolina Senator Denounces  
Landis on Floor of Senate

(By Associated Press)

Washington, February 14.—Federal Judge Kenesaw Mountain Landis, of Chicago, was impeached in the House of Representatives today by Representative Welty, Democrat, of Ohio, who charged him with "high crime and misdemeanors" in connection with his acceptance of the position of supreme arbiter of baseball at a salary of \$42,500 a year.

Should the House decide to institute proceedings against Judge Landis on the basis of Mr. Welty's charges, a formal trial before the bar of the House would be held and a decision rendered.

Mr. Welty did not introduce a resolution proposing impeachment as is the usual procedure in such matters. Instead he arose to a "question of high personal privilege" and announced that he "impeached" the Judge.

Without debate the charges were referred to the Judiciary Committee for investigation and report. There were a few scattering noes.

DIAL ATTACKS LANDIS

Mr. Welty refused a request by Senator Dial, Democrat, South Carolina, to include in the general indictment statements attributed to Judge Landis in refusing to send to jail a young Pittsboro, Illinois, bank clerk because of the belief that officials of the bank were responsible for the clerk's speculation by failure to pay him a living wage.

Senator Dial, on receiving the Ohio representative's refusal, announced he would file complaint against Judge Landis with Department of Justice and late in the day attacked the Chicago jurists on the floor of the Senate describing him as a "freak" and a "crank."

The South Carolina senator characterized Judge Landis' statement that

the Ottawa bank clerk's employers were in a measure responsible for the youth's theft of \$96,000 as "the most bolshevik doctrine I ever heard" and added that if the action taken by the judge in paroling the clerk amounted to encouragement of such acts "it is striking at the foundation of our government."

STATE ABOUT  
TO REST CASE  
AT CLEVELAND

(By Associated Press)

Cleveland, O., February 14.—A motion by the defense in the second degree murder trial of Judge W. H. McGannon to strike out the testimony of Miss Mary E. Neely, important witness for the State, was overruled by Judge Homer G. Powell, today after Miss Neely had admitted that "to the best of knowledge and belief" she had told the truth during the Judge's first trial.

The Court's decision came after a spirited battle between attorneys during which it was said if Miss Neely's testimony was permitted to go before the jury it might count against the Judge and lead the jurors to believe she had not told the truth when testifying before the Court at the first trial.

Wm. Boyd, defense attorney, asked that Miss Neely's testimony be stricken from the records on the grounds she had in reality refused to testify when on the witness stand Friday.

When court recessed at noon County Prosecutor Stanton announced the State had about completed its case and it was likely he would close this afternoon.

CRUDE OIL CUT  
ANOTHER 25 CTS

(By Associated Press)

Pittsburg, February 14.—Purchasing agents here today announced further reductions in the price of crude oil. The grade known as Corning was cut 25 cents a barrel to \$2.54, while Cabell was cut 50 cents a barrel to \$2.46.

BARED200,000 Engineers To Work  
Out EstimateWill Study Nation As a Single  
Industrial UnitConference is Headed by Her-  
ber Hoover.

(By Associated Press)

Syracuse, N. Y., February 14.—Appointment of a committee of noted engineers and technologists to eliminate the nation's waste in industries was included in the opening business here today of the convention of the American Engineering Council.

Herbert Hoover, president of the council, said the committee would be directed to make a national assay of waste. Nearly 200,000 engineers throughout the country will be called upon to aid.

By studying the nation as a single industrial organism, they will attempt to locate weaknesses in the country's production system. It was announced that a preliminary survey already has been under way.

The different elements making for production waste, such as labor conflict, decreases in individual productivity, lack of co-ordination and other sources of industrial failure, will be brought under the close scrutiny of the organized engineers. Their aim will be to solve economic problems.

HATLESS, COATLESS,  
EVEN SOCKLESS,  
HE LIKES WINTER

C. H. De Coppan as he appears on New York street, hatless, coatless and sockless.

Although 64 years old, C. H. De Coppan can be seen walking New York City streets without a hat, coat or socks. All he wears are a pair of oxfords and a silk shirt and pants, and he walks along with the springy step of a 20-year-old boy. He states that in this manner he has preserved both his health and his hair. He wears the same sort of clothes all year round without being uncomfortable.

## MOTHER OF SEVEN CHILDREN MURDERED

The little home of Mrs. Joseph Chernock, where she was slain.

While one of her seven children looked on, Mrs. Joseph Chernock was murdered in her home at Old Gate Lane, Milford, Conn. It is believed the murderer killed her to obtain \$82 she possessed. Charles Wisosky of Bridgeport, Conn., was arrested, charged with the murder.

CHICAGO  
PLAYERS

CHARGESWilliams and Jackson Deny  
Asking AdmissionsFile Petition Making General  
DenialsSay Did Not Admit "Throwing"  
Series

(By Associated Press)

Chicago, February 14.—Formal repudiation of alleged grand jury confessions of crooked baseball playing were filed in the criminal courts here today on behalf of Claude Williams and Joe Jackson, Chicago American League players indicted on charges of conspiracy to throw the 1919 world series.

A petition filed on behalf of Williams, Jackson and Geo. Weaver, a teammate, declares that none of the three ever made admission charged against the first two and deny that they ever threw ball games or conspired to do so. Weaver did not appear before the grand jury and has from the first denied taking part in the alleged conspiracy.

RECENT WAGE  
REDUCTIONS  
ARE SUSPENDED

(By Associated Press)

Chicago, February 14.—Recent reductions in the wages of maintenance of ways and changes in the working conditions of train dispatchers as announced by the Erie Railroad were suspended today by the Federal Railroad Labor Board pending a hearing.

The Board announced that no wage reduction or changes in working conditions could become effective because of agreements between the road and its employees until the board has an opportunity to pass upon the case. The hearing was set for February 23.

REGARD ACTION  
AS A TEST CASE

(By Associated Press)

Detroit, Mich., February 14.—Belief that the hearing into wage reductions of maintenance of way men, announced today by the Railroad Labor Board in Chicago, would serve as a test case for maintenance men on all railroads of the country, was expressed here today by E. F. Grable, president of the United Brotherhood of Maintenance of Way Employees and railway shop laborers.

HOUSE PASSES  
NAVAL BILL FOR  
\$395,000,000

(By Associated Press)

Washington, February 14.—The naval appropriation bill carrying, approximately \$395,000,000, was passed today by the House after it had decisively voted down an amendment which would have prevented the expenditure of any part of the ninety million dollars provided for battleship construction until an international disarmament conference shall have been called by the President. The amendment was defeated 124 to 30. The House also refused to cut the amount that would be available for work on the navy's building program.

STILL CAUSES FIRE  
WOMAN IS FINED

(By Associated Press)

Newark, O., February 14.—Fire said to have started from a still being operated in the cellar damaged the home of Mrs. Agnes Mayhew in West Newark about \$500 and in addition caused her to pay a fine of \$300 when haled into court late today for illicit distilling.

CENSUS  
MOVES  
CENTER  
TEN MILESCenter of Population is Near  
Spencer, Ind.Has Moved Nearly One Mile  
Each YearCalifornia Responsible For The  
Westward Move

(By Associated Press)

Washington, February 14.—The center of population as disclosed by the 1920 census is located in the extreme southeast corner of Owen county, Indiana, 8.3 miles southeast of the town of Spencer, the census bureau announced today.

During the last decade the center of population continued to move westward, advancing 9.8 miles in that direction and one-fifth of a mile north from Bloomfield, Indiana, where it was located by the census of 1910.

The Bureau attributed the westward movement in the last decade "principally to the increase of more than 1,000,000 in the population of the state of California."

HARDING ASKS  
CLEAN SLATE  
ON MARCH 4THAsks That Congress Clear Its  
Docket

(By Associated Press)

Washington, February 14.—President-elect Harding in a telegram today to Representative Mondell, Republican House leader, urged that all appropriation bills be passed before adjournment of Congress March 4th, so that the new Congress could give its entire attention to work it will be called upon to handle at a special session.

Mr. Mondell's reply was the House would clear its dockets of appropriation measures by Thursday night.

SHIP WORKERS  
OUT ON STRIKE

(By Associated Press)

Elizabeth, N. J., February 14.—Three hundred ship carpenters, blacksmiths and caulkers at the Moore plant of the Bethlehem Shipbuilding Corporation here struck today in protest against a wage reduction of ten percent which became effective today in the corporation's plants at Quincy, Mass., Baltimore and Wilmington, Delaware.

## APPOINTMENT OF ONE OR TWO CARDINALS TALKED OF AS ARCHBISHOP VISITS POPE

Archbishop D. S. Dougherty, upper left, Archbishop Patrick Hayes, right, and Archbishop George Mundelein.

The visit of Archbishop Hayes of the New York diocese to the Vatican has stirred up considerable interest in the report that at least one more cardinal is to be appointed for this country to fill the vacancy left by the death of Cardinal Farley. It is hinted that the Vatican may appoint

more than one, and that if there are to be two, one of them will be a western prelate—Mundelein of Chicago or Glennon of St. Louis.

Both Archbishop Hayes and Archbishop Denis Dougherty of Philadelphia are mentioned in this connection. Philadelphia has never had a cardinal, and it is understood the Philadelphians are making an extraordinary effort to win the red hat for their archbishop.

Archbishop Dougherty has been but two years in the Philadelphia archdiocese, to which he was promoted from the diocese of Buffalo. Prior to his appointment to the Buffalo See he had been one of the diocesan bishops of the Philippines. He was consecrated in Rome in 1903, along with the late Bishop Rooker. He is a Pennsylvanian by birth, about fifty-five years old and was educated at St. Charles' seminary, Overbrook, Pa., and other educational institutions of the Catholic church.

he pawn the hotel bill apologized to Mr. Griffin.

Yarber explained the difficulty by saying that when he had given the check he had sent a check of \$250 to be deposited in the bank, and that the check was protested. His failure to notify Mr. Griffin of his difficulty resulted in his arrest.

## MADISON STARTS TO IMPROVE ROADS

Pickaway County has Section Under Construction and Will Finish Soon, is Report.

Madison county started Monday to improve its section of the Columbus pike, according to Thomas Collopy of this city who has been engaged to assist in the preparatory work.

The section to be improved extends about a mile and a half on either side of Mt. Sterling. It will be finished with tar bound macadam. Walter Huber, of Eaton, is the contractor.

Collopy states that in preparation for the improvement, fences and telephone poles will be moved back to the required distance before the first of March when the real work of road building will begin.

During this winter local citizens made much complaint because of the seeming neglect of Madison county in leaving its section of so important a highway unimproved.

When Madison has completed its work the Columbus pike from this city to Columbus will be of a highly improved nature all the way.

The section of road now under construction above the Madison county line is in Pickaway county and as soon as the weather will permit will be rushed to completion, it is understood.

## FIRST AUDIENCE WITH DALAI LAMA IN HUNDRED YEARS

Calcutta, (By Mail)—The first European who has had an audience of the Dalai Lama of Tibet at Lhasa since Manning in 1811 has just returned here after two months residence in the "forbidden land."

He is J. Fairley, a telegraph engineer in the service of the government of India, who reports that the Tibetan government is apparently anxious for the country to be linked up by telegraph with India, and there are also faint signs, he thinks of a desire for industrial advance on European lines.

"A visit to Lhasa," he says, "transports one straight back to the middle ages. There is no sanitation or drainage in Lhasa today and if it were not for its low temperature, owing to the fact that it is built on a plateau 11,000 feet high, its 20,000 inhabitants would quickly die of typhoid fever.

The audience of the Dalai Lama took place in the Norbuling palace three miles outside the city. The reception hall was gorgeously decorated in red and gold, with a magnificent silk canopy over the throne on which the Lama was seated in European fashion.

### ANNUAL MEETING OF FARM BUREAU IS ON THURSDAY

Preparations are being made by the Fayette County Farm Bureau for the annual meeting at the Memorial Hall Thursday morning at 10 o'clock.

In addition to D. M. Odaffer of Bucyrus, vice president of the State Farm Bureau; Ford S. Primes, county agent of Greene county, will be a special speaker.

The meeting goes into session at 10 o'clock and will continue, with time at noon for lunch, until late in the afternoon. The election of officers will be one of the features of the meeting.

Because of the many problems which the farmers of this county are facing at the present time it is expected that the attendance will be exceptionally large.

### CALL CONFERENCE ON THE QUESTION OF COTTON PRICES

Manchester, England (By Mail)—A leading cotton grower has sent a message to Sir Charles Macara urging that a world cotton conference be called without delay, to deal with the situation arising from the decline in the price of fibre and the threatened 50 per cent reduction in acreage under cotton, says the Manchester Guardian. In the course of an interview, Sir Charles, who is one of the largest cotton manufacturers of Great Britain, said:

"Cotton has fallen a long way below the cost of production, and the inevitable result will be that a great curtailment in the acreage devoted to cotton will follow. I have contended for many years that cotton is a commodity which, if properly packed and stored, can be kept for years without deterioration.

"A recommendation such as I made at the outbreak of the war, that the surplus cotton should be taken over by the governments interested, should be adopted now. This would save the situation. If action is not taken we shall have a repetition of what occurred in the early days of the war, when American cotton fell from 7½ pence to 4 pence a pound, involving all concerned in heavy losses, and subsequently rose to 45 pence increasing the price of the world's cotton crop by 1,000,000,000 pounds and raising the price of clothing enormously."

### SPANISH DESIRE SOCIAL FUNCTIONS END SAME DAY

Madrid, (By Mail)—Some leaders of Spanish society are making a valiant effort to introduce a social day which ends at midnight, instead of at dawn of the following day. At present the tendency in Madrid is to drive today into tomorrow and society functions are gradually becoming later and later.

Nothing begins before 6 o'clock in the evening, at which hour afternoon tea commences and lasts until 8 o'clock. Theater matinees start at 6:30 or 7:00 and continue till 9:30 or 10. Dinner is taken anywhere between 10:00 and 11:30.

Meanwhile the main performances at the theaters and opera have opened but the smart set never thinks of entering their stalls or boxes until the second act is well on its way, as one of their purposes in going is to be seen. When the performance is over at 1:00 or 1:30 a supper dance follows, ending at dawn.

The acknowledged pinnacle of aristocracy, the Duke de Alba, has set his face against this topsy-turvydom and decreed that his palace which is a central point for gatherings of diplomats, scientists, artists and politicians, shall never remain open after midnight. He is supported by Premier Dato, who also favors earlier hours and the Marquis de Uguijo, the billionaire banker, who finds later nocturnal hours interfere with his gigantic financial labors.

### FUNERAL SERVICES MISS HELEN WEIMER

Funeral services of a most affecting nature were held Sunday afternoon at 1:30 o'clock for Miss Helen Weimer at the Christian church with Rev. G. E. Groves the minister in charge.

The church was filled to overflowing with the hundreds of friends to whom the death of the young woman had come with much sorrow. Rev. Groves spoke in beautiful terms in delivering the sermon.

The chancel of the church was covered with the floral tributes, which were very beautiful.

The hymns "Shall We Gather at the River" and "Saved by Grace" were sung with much feeling by a sextet, Miss Jane Williams, Miss Chloe Miller, Miss Ruth Culbertson, Miss Mabel Jones, Messrs. Charles Snyder and George Miller. Miss Lydia Steinenburg was at the piano.

Pallbearers were five intimate friends and the sister: Misses Ina Bowman, Irene Duckwall, Esther Blackburn, Hazel Denny, Della Morris, Goldie Weimer.

Burial was made in the family lot at Milledgeville beside the father. Many Milledgeville friends attended the committal service.

### BRILLIANT SERMONS HEARD BY HUNDREDS

Rev. Frederick Ross, of Columbus, was greeted at the First Presbyterian Church Sunday morning and evening by very large audiences, which could not but find inspiration in powerful sermons delivered. In each sermon Rev. Ross' brilliant mentality, linked with the deep spirituality, impressed itself anew upon the people of this community, in which the gifted minister is held in such high regard.

The morning sermon was an intellectual masterpiece, its theme "Jesus, King of the Jews" the basis of a powerful plea for bringing into church relationships the man of thought, the man of action and the moral man, to compose a coalition that would be invincible in bringing the world under the rule of Christ.

### MAKE IMPROVEMENTS FOR THE GYMNASIUM

Improvements are being made at the Y. M. C. A. gymnasium in order to care for the large crowds which each week attend the basket ball games.

Many tiers of seats in bleacher form are being built and will provide accommodations for almost two hundred persons more than it has been possible to seat.

The work will be completed, states the Y. M. C. A. management, by Wednesday evening when the Triangles meet the Cincinnati Y. M. C. A. team. The Cincinnati Association squad is commonly known as the Wildcats and is easily the strongest team which the Triangles will meet this year.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

It's back to the kitchen with hundreds of young women in Washington who occupy Government positions. They have found that the Portia of today, a George Eliot, or a strictly "Modern Woman," is perhaps not as popular among the sterner sex as many of her sisters would have her believe. Realizing this, numbers of young women who have been in Washington since the war period, who have been living in fear all the time of being among those who would lose their positions in the general retrenchment that began soon after the armistice, have changed their work in the night schools.

They are now studying domestic science and domestic economy, they will tell you, but, really, it is simply old fashioned cooking and housekeeping that they are learning as taught along scientific lines. They are becoming weary of law, languages, history and other branches to which they have devoted their time the greater part of the last three years. Having found that they have little use for the knowledge obtained in these studies, they beseeched two of the larger institutions here, making a specialty of night classes for young women, to so change the curriculum that they could learn more about cooking and housekeeping. Their request was granted. These classes are growing and promise soon to become the most popular in the city.

With the beginning of the war hundreds of young women who had been employed in law and business offices over the country came to Washington. The majority had gone to these offices from the high schools after completing business courses. Upon their arrival here they found social activities at a low ebb. They flock to the night schools and began the study of law, romance languages and the sciences. More women were graduated from local law schools last spring than ever before known. While the majority remained in their clerical positions here others went back home to enter law offices.

Those who remained soon found that promotions came no earlier to those who had finished courses in night schools than to those who had

devoted their time to learning the latest dance steps. Those who went home were lucky if they obtained their old places as stenographers. They found little opportunity in the readjustment period to utilize the things learned.

It is said that girls reputed to be good cooks were oftentimes more popular with the young men.

"I can't use a single thing I learned in law school," declared a stenographer in the office of a member of Congress. "If I call the attention of the Congressman to something that he has done in his office work that I know is wrong he resents it. He doesn't care a fig how much I know, but he doesn't want me to tell him about it, and I have to keep quiet."

The progress of the classes in cooking and housekeeping are regarded highly satisfactory, and indications are that they have come to stay.—New York Sun.

A Valentine party, characterized as one of the most elaborate and beautiful of a number of affairs in the younger society of Jeffersonville, was entertained by Mr. and Mrs. Hays Dill and Mr. and Mrs. Warner Straley Saturday night.

The Dill home, roomy and hospitable, was gayly enfeited with festoons of red hearts everywhere, and cupid and their darts much in evidence. Red and white carnations were in effective arrangement in the music room and blooming primroses and cyclamens. Forty guests found the evening one of exceptional pleasure in the varied and clever entertainment provided by the hostesses. There were two contests, Mrs. Urban Hidy winning the first prize, a box of candy and Mrs. Loren Ritenour and Dr. H. L. Little the consolation, in "A Shirtwaist Romance," and Mrs. Will De Laune presented with Kewpie as the prize in the "Art Contest."

A particularly delicious two course lunch was served at small tables and punch throughout the evening.

Informal dancing rounded out the happy affair.

Mrs. Jean Nisley, Misses Miriam Fite, Beota Haines and Nelle Dixon assisted in the hospitalities.

Mr. and Mrs. Frank Morris had as their guests at an enjoyable family dinner Sunday noon, their son Floyd of Cleveland, Mrs. Morris' parents Mr. and Mrs. Ed McCoy, and sister, Miss Mabel, of Selden.

Miss Alice P. Ragland, daughter of Mr. Turner Ragland of the Wilmington pike, and Mr. Orville Bush, son of Mr. J. P. Bush of the Bush Road were united in marriage, Saturday afternoon at three o'clock at the Methodist parsonage. Rev. Karl B. Alexander officiated.

The bride's sister, Miss Fannie Ragland Assistant Dean of Women at Miami University, Oxford, the bridegroom's brother, Mr. Glenn Bush and wife witnessed the ceremony.

The attractive bride was wearing a tailored suit of navy blue with becoming spring hat of blue taffeta and flowers.

Mr. Bush is one of the well known younger farmers of the Selden neighborhood and takes his bride to the home farm on the Bush road. A large family connection and many friends will learn of the marriage with interest and extend best wishes.

Virginia Baked Ham and sweet potatoes, Valentine biscuits, brick ice cream, cakes and coffee is the Valentine menu to be served at the Y. W. C. A. Tuesday noon at the Business Women's Lunch.

The hour of serving is from 11:15 to 12:30.

The spacious Jamison home on North Main street presented an attractive scene on Saturday afternoon, when Misses Ruth Jamison, Anna Ruth Black and Doris Sollars gave a shower for Mrs. Frank Jamison, (nee Anna Grace McCoy).

The St. Valentine idea happily appropriate, was beautifully carried out in the decorations, and a water garden of red and white carnations gave bright color note to the living room.

Fourteen girls assembled in the dining room, while Miss Martha McCoy played and showered good wishes upon the pretty young bride while she opened the daintily wrapped packages which piled a table, aglow with color and Valentine conceits. A big Kewpie stood in the center, beneath a canopy of hearts festooned from the overhead lights to the corners of the table, and red candles burned in crystal sticks. The heart idea was also used in the tempting collation served, and Valentines the favors. The gifts were many and very handsome, including flat silver, silver pitcher and other silver pieces and a complete set of dishes from the families of the bride and bridegroom, as well as table linen, cut glass pictures and bric-a-brac an array so extensive that the young bride's delight could hardly find expression.

The gifts will amply cover such needs when the young couple go to housekeeping early in March in one of the handsomest country homes of the Stanton neighborhood, the O. L. Smith place on the Leesburg pike, recently purchased by the bridegroom's father, Mr. Ben F. Jamison.

Following the shower there was a merry heart contest, in which Miss Marjorie Foster won the prize a pretty Valentine.

Among the guests from out of town were Miss Maude Murphy, of Leesburg, and Miss Gladys Evans, of Bloomingburg.

Mrs. Frank Flee entertained twenty children at one of the jolliest of parties Saturday afternoon honoring the sixth birthday of her bright little son, Stanley.

No pains had been spared to make an attractive and delightful for the youngsters, who spent a very happy afternoon in favorite games and a peanut hunt, in which Martha Love Hitchcock won the prize, a box of candy.

Pink and white were the colors prettily used in decoration and the big birthday cake with its brightly burning pink tapers was the children's special admiration. Each child received a Valentine.

Enid McClure, Mary Sauer, Norma Flee and Warren Flee assisted Mrs. Flee in entertaining the children.

The young guests included Martha Love Hitchcock, Mildred Flee, Mary Jane Griffen, Grace Snider, Eleanor Robinson, Jean Schneider, Mary Blessing Chapman, Willard Fogle, John Gerstner, Dick Elliott, Billy Dial, Feurt McClure, Bert Shimp, Robert Palmer, Charles Brown, Bobbie Stitt, Sam Sauer, Milburn Flee, Ellen Flee.

Mrs. F. O. Cline and daughter Elizabeth went to Cincinnati, Friday to spend a few days with relatives.

Mr. and Mrs. Glenn Rodger left Saturday for Indianapolis, Ind., called by the illness of Mrs. Rodgers' sister, Mrs. George James.

Mr. and Mrs. B. F. Meison had as their Sunday guests Rev. and Mrs. Gale of Zanesville and Mr. and Mrs. E. F. Brookover and son Dean from Greenfield and Rev. Floyd Gale and wife and three children from this city.

#### CAR LOCATED SOLD FOUR TIMES

Sheriff Hall Assists Franklin County Officials in Locating Stolen Automobile.

An automobile that was stolen a year ago in Newark and sold four times since was located in the southern part of the county Sunday by Sheriff N. B. Hall after he had been asked for assistance by Sheriff Holycross of Franklin county.

Sheriff Holycross was accompanied to this city by George Ruder and H. E. Gatton, officials of the Columbus city prison.

The car being sought was stolen in Newark more than a year ago. The officers with a view of catching the thief rather than of recovering the car tracked to this county. It was sold first to a party whose name is not known, and was in turn purchased by Miss Ruth Daddre, of Mt. Sterling. Miss Daddre sold the car to the Orman Motor Company last week it is said, and the Orman Motor Company resold it to Virgil B. Wilson, of near Greenfield.

In an effort to make it impossible to identify the machine, an effort had been made to obliterate the engine number, other identification marks had been defaced by the thief.

Mr. Wilson is still holding the automobile while the case is pending.

#### MISSION BEGINS IN ST. COLMAN'S CHURCH

Sunday morning Rev. Fulgence Meyer, a Franciscan missionary of Cincinnati, began a week's mission in St. Colman's Church.

The services in the morning and evening were attended by crowds that filled the church. In the morning the missionary spoke on salvation in the evening on sin.

The audience followed the eloquent preacher with rapt and undiminished attention. He is evidently aflame with his solemn message and brings it home to his hearers with force and effect.

Sunday afternoon the missionary addressed the converts of whom there is a considerable number in the parish.

Monday evening the speaker will have "Death" as his topic.

There will be a lecture or sermon each evening at 7:30 until Sunday.

Everybody is kindly invited to attend the mission services.

MOXLEY'S PLEA OF NO AVAL

An effort to excuse his crime of forgery, which he frankly admitted on a plea of obtaining funds to furnish his father and mother, brother and sister and himself with food, failed to save Harry Moxley from the penitentiary. Monday morning when he entered a plea of guilty before Judge Reid and drew an indeterminate sentence in the big state prison. Moxley said he preferred the penitentiary to the Mansfield Reformatory.

Moxley, when asked if he had anything to say, stated that he knew his crime was a serious offense when he committed it, and that he intended paying the money back to the one upon whom he had forged the check when he obtained some money. He said he was without funds and the family had nothing to eat. They had been quarantined for many weeks on account of small pox, he said, and he knew of no other way to obtain money with which to purchase food.

The family had been cared for by Marion township for some time, and had just moved into Wayne township, it seems.

Moxley was told by the Court that his excuse could not abrogate his crime, and he could take his choice between Mansfield and the Penitentiary.

CARS IN COLLISION AT STREET CROSSING

An automobile smash-up occurred at the corner of North and Paint streets Sunday afternoon in which both cars were damaged but no one was injured. One of the cars driven by W. E. Hastings was going out North street when the other car, a Ford driven by a man whose name was said to be Creamer, approached from West Paint. Neither driver saw the other until the crash could not be averted and then Mr. Hastings swung his car far to the right. One of the front wheels of the Ford was broken and the fender of the other car, an Essex, was almost torn off.

Belgium Exceeds Expectations

DOCKS AT ANTWERP—BELGIUM'S SEAPORTS HAVE PRACTICALLY RECOVERED FROM EFFECTS OF THE WAR

By FRANCIS H. SISSON, Vice President Guaranty Trust Company of New York.

UPON no country directly affected by the war has so much of the world's interest centered as upon Belgium, greatest of the war sufferers, and yet the most rapid to recover.

It is more generally understood now than ever before that requisites for quick recovery of war-ridden nations are extensions to them of liberal credit by nations less adversely affected. No better evidence of the sound credit Belgium has established for herself can be cited than the fact that the \$25,000,000 Belgian Government external Gold Loan issued in January was over-subscribed in this country in one day.

Striking figures of actual resumption of Belgian industry for the first ten months of 1919, as compared with the corresponding period of 1913, disclose that coal mines are 94 per cent. normal; refined sugar, 100 per cent.; cotton spindles in operation, 75 per cent.; cotton looms, 60 per cent.; wool products, 75 per cent.; shoes, 70 per cent.; window glass, 34 per cent., and plate glass, 30 per cent. Even the steel mills, which suffered most, have resumed 50 per cent. of their normal pre-war production.

Later reports show that this gratifying progress has since continued unchecked.

But in addition to manufacturing activities, Belgium's agricultural resources are large and every effort is being made to develop them to their utmost by the introduction of American farming methods and machinery. The whole country is under intensive cultivation, and harvests for 1919 slightly surpassed the average for the years preceding the war.

The chief reason that this country is

recovering so quickly is that her coal industry suffered least. Her coal mines were not deliberately damaged by the enemy to any extent although they suffered abnormal wear and tear. Her coal production is now practically normal. The discovery of the rich Limburg coal fields just before the war, which will shortly be in full operation, will free Belgium from the need of importing any coal.

Belgium's steel industry, famous for the high grade of its product and the skill of its workers, suffered greatly from damage done by the Germans. Yet of the blast furnaces dynamited by the Germans 25 had been rebuilt and were in operation by the first of this year.

The glass industry is another great aid to Belgium at present, both in employment of labor and in reclaiming foreign trade.

Before the war, Belgium was contributing more than 20 per cent. of the world's output of manufactured zinc and exporting 75 per cent. of it. This industry was completely destroyed by the war, but an excellent beginning has already been made in its restoration.

In the textile industries, production is rapidly becoming normal. Belgium's damaged and destroyed railroads have been rapidly repaired and on most lines schedules are again normal.

Belgium is probably enjoying greater labor stability than any other large war-affected country. This is due largely to the unusually able administration of

NORTH END BIBLE CLASS

Mrs. George Osborne, corner of Delaware and Yeoman streets has extended the hospitality of her home for the meeting of the North End Bible Class Wednesday evening.

The last meeting was held at the home of Mrs. Emmet Portier, and as is common with these meetings, the session was both interesting and instructive.

POLICE CALLED TO QUELL THE CURIOUS

Police were called out in Chillicothe a night or two ago to restore order when a crowd of curious persons assembled on Paint street to watch for a ghost which was rumored to be in the habit of making its rounds at a certain hour each night. Some members of the crowd nearly fell over when a woman stepped from her house and threw an apron over her head to join the crowd.

HOUSE SHORTAGE IS STILL ACUTE RENTS ARE HIGH

Washington's house shortage is still very pronounced, and every house that is vacated usually draws a large number of prospective renters.

The shortage is just as pronounced as it has been in the past few years and rents continue high, there being no proportionate drop, as a usual thing, in comparison with other declines in the living costs.

Greatly reduced prices for building material and labor this year will do much toward stimulating building in the city, and 100 new residences, most of them with modern conveniences, would, it is believed find ready renters.

WAR VETERAN GORED TO DEATH

(By Associated Press)

Canton, O., February 14.—John B. McWhinney, 85, Civil War veteran and prominent Stark County farmer, was gored to death by a bull on his farm near Justus yesterday.

He was driving a herd of cattle into the farm yard when the bull attacked him. The victim was thrown against the side of the barn by the bull's first attack and was gored in the chest and side before being rescued by members of the family. McWhinney died a short time later.

proper, is so great as to make all speculation seem paltry. It combines a wealth of the most valuable ores, metals and diamonds, with unlimited agricultural possibilities, enormous forests and about 9,400 miles of easily navigable rivers, of which 5,000 miles are already provided with regular and efficient steamboat service.

In the beginning of 1919 there were 1,300 miles of railroad in operation, and it is possible to go by train and steamer from the Upper Congo to Cape Town, in South Africa, or to Beira, in the Portuguese Mozambique, or across the erstwhile German East Africa to the Indian Ocean.

Belgium's comparatively favorable financial situation is another very important factor in assisting the early recovery of that country.

Belgium's pre-war debt was 4,887,254,000 francs. On August 30, 1919, it stood at 13,480,054,000, but the net effect of the obligations which Germany must assume under the Treaty contemplates the restoration of Belgium to its pre-war basis and the payment of all her external war debt.

## SECOND SECTION BIG TOURNEY

Winchester, Kingston, and Leesburg  
Qualify For Class A. Meet. Buck-  
skin Eliminated in First Trial By  
Williamsport.

Twelve teams competed Saturday at  
Greenfield in the second section of the  
Class B. basket ball tournament held  
under the auspices of Mc Clain High  
School.

In the opening round the teams fin-  
ished as follows: Winchester 33, Bain-  
bridge 9; Kingman 24, Sabina 9; King-  
ston, 27, Bourneville 2; Sinking  
Springs 2, New Boston .0. (forfeit  
game); Williamsport 31, Buckskin 10;  
Leesburg 22, Frankfort 11.

Sinking Springs won a forfeit game  
over New Boston because the New  
Boston squad failed to show up at  
game time.

In the second series of games play-  
ed Saturday night Winchester, King-  
ston and Leesburg qualified for the  
Class A tournament on next Friday  
and Saturday by winning their games  
by the following scores: Winchester  
35; Kingman 17; Kingston 34,  
Sinking Springs 9; Leesburg 27, Wil-  
liamsport 11.

The big surprise of the tournament  
was the elimination of Buckskin in  
the first game by Williamsport. For  
the last two years Buckskin has been  
runner up in the finals for the Class  
A championship. Two years ago Buck-  
skin was defeated by Washington in  
the final game and last year succumbed  
to McClain High in the finals after  
defeating Washington High in the  
game before.

Winchester showed to be easily the  
strongest team developed in the tour-  
nament thus far and its rosters are ex-  
pecting big things in the Class A Meet  
this week end.

With the elimination games played  
the teams that have qualified to take  
part in the South-Central tournament  
are Winchester, Kingston, Leesburg,  
McArthur and New Vienna. The five  
Class A teams entered are Washington  
C. H., Chillicothe, Greenfield, Blan-  
chester, and Hillsboro.

Ogan, of Jamestown, referred the  
second section tournament.

## MOOSE LODGE NEARLY ORGANIZED

The organization work of Washing-  
ton C. H. Lodge, Loyal Order of Moose  
is progressing so rapidly that the su-  
pervisor in charge expects to complete  
his charter list this week.

The benefits derived from a mem-

## FOR BURNING ECZEMA

Apply Zemo the Clean, Anti-  
septic Liquid—Easy to Use  
—Does Not Stain

Greasy salves and ointments should  
not be applied if good clear skin is  
wanted. From any druggist for 35c, or  
\$1.00 for large size, get a bottle of Zemo.  
When applied as directed it effectively  
removes eczema, quickly stops itching,  
and heals skin troubles, also sores,  
burns, wounds and chafing. It pen-  
etrates, cleanses and soothes. Zemo is  
a clean, dependable and inexpensive,  
antiseptic liquid. Try it, as we believe  
nothing you have ever used is as effec-  
tive and satisfying.

In skin troubles, ordinary soaps are  
irritating and liable to aggravate the  
condition. Use Zemo soap. It is anti-  
septic, soothing and hastens the pro-  
cess of healing.

## ATTEND SAILING TO LAND OF PROMISE

Bremen, Germany (By Mail)—

Hundreds of emigrants who come into  
Bremen, Hamburg and Danzig to  
seek new homes are rejected before  
they can embark for what to them is  
the land of plenty and promise.  
Tragic scenes are numerous when the  
ship's physicians announce the list  
of those barred because of signs of  
disease or disability which would pre-  
vent their admission to the United  
States.

One hundred home-seekers were  
rejected out of 500 who attempted  
to leave Bremen on one steamer re-  
cently. All these unfortunates were  
not defective but rejection of one  
member of a family in many cases  
prevented the entire group from sail-  
ing for America.

The most pitiful of the tragedies oc-  
cur in the breaking up of family  
groups when some children old  
enough to travel alone are allowed to

detained. Weeping mothers among  
the hundreds rejected the other day  
tried to kiss the hands of the physi-  
cians in an effort to get  
them to althair diag-  
nosis while the scared groups of bun-  
dle-laden emigrants stood by in ter-  
ror lest some technicality might also  
keep them off the steamer train for  
proceed to America, while others are  
Bremerhaven.

## FINE FOR RHEUMATISM!

**Musterole Loosens Up Those Stiff Joints—Drives Out Pain**

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or feet, sprains, sore muscles, cramps, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

MRS. H. O. PETERS, of Kansas City, Mo., whose experience with Tanlac has been nothing less than wonderful, declares her husband. After her improvement he takes it himself and his health is also restored.

"One day a friend persuaded my wife to take Tanlac and the results have been nothing less than wonderful. Her troubles have not only entirely disappeared, but she has actually gained twenty pounds in weight and now seems to be in perfect health. She has suffered for eight years with headaches, nervousness and loss of appetite and was in a hardly run-down condition. She could not eat much, had pains all through her body and limbs and was so weak at times she could hardly stand on her feet. She was losing weight and gradually getting worse all the time in spite of all we could do.

"After seeing the splendid results my wife was getting I began taking Tanlac myself and before I had finished my second bottle, I was eating things I had not dared touch before in a long time. I am now eating just anything set before me and my appetite is fine. I suffered for five years with the worse kind of stomach trouble and nervous indigestion, but it has relieved me entirely. We both owe Tanlac a good debt of gratitude." The above enthusiastic statement was made recently by Herbert O. Peters, well known citizen of Kansas City, Missouri, residing at 534 Walnut street.

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by J. W. Murphy and in Milledgeville, E. L. Ford Sons, Lee Ortman Selden.—Advt

## BOND REQUIRED FROM POWER CO.

In connection with the order of Judge J. E. Sater, of the U. S. District Supreme Court, restraining the city from interfering with the collection of a new and much higher rate for electricity in this city pending final disposition of the case, the court requires The Washington Gas & Electric Company to furnish \$10,000 bond and to deposit all funds collected in excess of the old rate and leave such funds on deposit until final hearing.

That part of the order referred to above reads:

"This order is upon condition that plaintiff shall issue to each consumer so paying the rates fixed in the schedule annexed to this order as aforesaid, a receipt reciting the fact that said person so paying such rate is, conditioned upon final order here-in, entitled to receive from plaintiff the difference between the rates heretofore in effect and those being charged by virtue of this order; and plaintiff is further required to keep in a separate deposit in the Midland National Bank, Washington, Ohio, all such excess so collected, to await the final order of the court herein.

"A bond in the sum of \$10,000 to be approved by the clerk shall be filed herein by plaintiff, force and effect until further order herein."

## DIES IN FLORIDA BODY GOES TO OCTA

The body of Mrs. Lewis Shaffer, who died in Florida Thursday morning arrived at Octa Sunday over the B. & O. and was taken to the home of a relative, Mr. I. W. Murphy.

Mrs. Shaffer, accompanied by her husband, has been spending the winter in Florida in the hope of regaining her health. Their home is in Cleveland. Mrs. Shaffer was Miss Bertha Harper before her marriage and is well known in the Milledgeville and Octa communities.

The two sons, Scott and Harry arrived at Octa Sunday from Cleveland. Funeral services were held Monday morning at eleven o'clock at the M. P. Church in Milledgeville with Rev. Floyd Gale officiating. Burial was made in the Milledgeville cemetery beside the mother and father of Mrs. Shaffer.

## TALKING SICKNESS IS LATEST MALADY

Waukegan, Ill., February 12.—The unusual case of Miriam Rubin, 8-year-old daughter of Mr. and Mrs. Rubin of Waukegan, today attracted the attention of specialists as the child began her eighth day of talking without cessation.

A week ago yesterday the girl complained of pains about her arms and shoulders. The following night she began talking and all efforts since to stop her have failed.

Propped up in bed the child talks rationally and occasionally smiles or laughs when anything is said, or a situation develops that ordinarily arouses mirth. At first Miriam talked in a normal voice, but now speaks more quietly, although persons in her bedroom can hear everything she says.

The theory was advanced at first that the malady might be a forerunner of the sleeping sickness or pneumonia, but this is now discounted. Her appetite has been quit good during her "talking sickness."

## GOOD FOR WHOOPING COUGH

Mrs. Wm. Sager, 901 Nichol St., Utica, N. Y., writes: "My little girl had whooping cough awful bad. I gave her Foley's Honey and Tar Compound and it helped her wonderfully." This good cough syrup checks colds, stops coughing, and covers raw inflamed membranes with a healing coating. Blackmer & Tanquary.—Advt.
